

Report of EAC meeting 1/10 and 1/11 - Champaign/Urbana - held in Systems Office in Urbana

Larry Curtis, SURS member of the committee, reported that a new Senate Bill (SB1) was introduced in the new session, dealing with the pension issue. From his report, the basic information is that it contains language that would give annuitants the choice of health insurance or their cost of living increase - a premise proposed in the last legislative session. You may investigate current legislative action on any of the following websites:

Also at this meeting with re-elected the officers and selected Executive and Election committee members as well as discussing our by-laws and any changes we think are necessary for the coming year.

Next meeting will be held in Edwardsville at SIUE on April 18th and 19th.
