## Fiscal Year 2021 Annual Operating Budget

### Executive Summary

The Southern Illinois University Fiscal Year 2021 (FY21) operating budget is an essential planning and management tool that covers activities occurring within a single fiscal year. The consolidated SIU System budget is the result of multiple budget development activities at the campus and system office levels. Activities include planning that involves campus constituencies, projection of enrollment and other revenue sources, projection of expenses, analysis of current year results compared to the budget, and the development of budget proposals.

The capital budget, which supports physical assets such as buildings and infrastructure, is not included within the operating budget.

The FY21 budget represents a \$25.1 million, or almost three percent, decrease over FY20. The decrease is primarily a result of the impact of the pandemic on the university's operations, particularly those of the School of Medicine and auxiliary and self supporting activities at the Carbondale and Edwardsville campuses.

#### REVENUES:

Major revenue categories include tuition and fees, state appropriations, indirect cost recovery, externally funded grants and contracts, revenue bond operations, and self-supporting activities.

The following table is a summary of SIU's FY21 operating revenue budget:

#### Southern Illinois University Revenue Budget

### **Sources of Funding for Revenue:**

For budgeting and accounting purposes, the source of funding for the university's revenue is classified as either unrestricted or restricted as described below.

### **Unrestricted Funds**

**State Appropriations** – The appropriation for general operations is provided by the State of Illinois from the Education Assistance Fund and the General Revenue Fund. SIU's FY21 state appropriation for general operations totals \$191,491,000, which is unchanged from FY20. This amount is about five percent less than the state allocation in FY15.

SIU also receives a number of appropriations designated for specific purposes:

1. SIU Simmons Cancer Center, Springfield, \$1,076,800
2. Daily Egyptian, Carbondale, \$62,800
3. National Corn to Ethanol and Ethanol Research Center, Edwardsville, \$1,000,000
4. Pharmacy Practice Education or Training Programs, Edwardsville, \$1,250,000
5. License Plate Sales, scholarships, \$17,000

For FY21, the amount of appropriated funding for special purposes is \$2,000 less due to a reduction in the allocation from license plate sales.

The total of all SIU appropriations for FY21 is \$194,897,600, a decrease of \$2,000 from FY20.

**Income Fund (tuition revenue)** – The proposed FY21 budget for tuition revenue is \$184.9 million, a decrease of \$4.7 million, or 2.5 percent, from FY20. The budget includes \$149.4 million for tuition generated from on-campus courses and \$31.3 million from distance education. Distance education includes face-to-face course delivery at off-campus sites as well as on-line classes; the revenue from on-line classes is expected to increase by \$4 million largely from the change in course delivery methods as a result of COVID-19, as well as the steady growth at the Edwardsville campus in its online enrollment. The income fund budget is net of statutorily mandated and discretionary institutional waivers of \$48.2 million. During FY21, 39 percent of the tuition waivers are budgeted for undergraduates and 61 percent for graduate and professional students.

**Indirect Cost Recovery** - Indirect cost recovery funds primarily result from federally-funded sponsored research and public service programs. Another major source of revenue is transfers from SIU HealthCare and federally qualified health centers at the School of Medicine. This activity is expected to decrease by \$6.1 million, a decrease of 67.7%, as a result of a decrease in academic development funds from 4.75% to 1% as a result of COVID-19.

**Self-supporting activities** – Revenue for self-supporting activities is generally derived from student fees or the sale of services. These units may be self-supporting in whole or in part. The activities include a wide range of operations which are directly related to instruction, research or public service or support the overall objectives of the University. Examples include SIU Press, University farms, Broadcasting Service, WSIE Radio, Information Technology fee, Facilities Maintenance fee, School of Medicine clinical support, Dental clinic and Textbook Services. Restrictions associated with the pandemic related to the size of groups, athletic activities, and a decrease in hospital support are projected to result in a \$4.5 million, or 3.9%, decrease in this type of revenue during FY21. The decrease is partially offset by certain program expansions and new contractual activities at the School of Medicine.

### **Restricted Funds**

**External grants and contracts** – These programs include federally-funded research and public service grants as well as programs sponsored by state, other governmental, and private agencies. The category also includes student financial aid, including federally funded Pell and SEOG grants and state funded MAP (Monetary Assistance Program) and AIM High grants.

**Revenue bond operations (auxiliaries)** – Mandatory student fees which are paid in support of facilities funded by the Housing and Auxiliary Facilities System bonds are subject to external restrictions and therefore budgeted as restricted funds. This includes revenues from residence and dining halls, athletic facilities, student centers, student health facilities, student recreation centers, parking, and others. Revenue bond operations also includes the activity of the Medical Facilities System. The slight decrease in the revenue budget is primarily the impact of COVID-19 on sales revenues from food service/catering, university bookstores, room rentals, and other externally supported activities at both Carbondale and Edwardsville.

## EXPENSES:

Operating expenses are grouped according to classifications which are generally based on expenditure categories defined in the State Finance Act. Expenses from restricted funds are made in accordance with the provisions of the external contract, agreement, or other document created in support of the funding.

The following table provides a summary of SIU's FY21 operating expense budget:

Total Operating Expense Budget	\$ 889,917,843	\$ 894,903,584	\$ 4,985,741	0.56%

It should be noted that funds which are classified in the budget as unrestricted are intended for specific purposes within each institution. Examples of such funds are campus-specific fees and other charges assessed for and used by each campus in order to fulfill its mission. In contrast, restricted funds are used solely for purposes stipulated by external providers.

Expenses for personal services are 66 percent of the unrestricted funds budget. This budget line includes salaries paid to faculty, staff and student employees. Taken as a whole, 57 percent of SIU's operating budget is devoted to personal services expenses. The budgeted increase in personal services expenses is primarily due to \$4 million to staff clinical expansion and contract activities at the School of Medicine, including \$4 million in the office of correctional healthcare and \$3 million related to the pandemic response.

After personal services, the largest single line item in the restricted funds budget is awards and grants. This primarily consists of student scholarship payments funded by federal Pell and SEOG grants as well as the State of Illinois MAP and AIM High grant programs.

### **Operating Budget Schedules**

The operating budget includes a series of tables presented for Southern Illinois University, Carbondale, School of Medicine, Edwardsville, and Administration and University Wide System Offices that provides budgets by line item and major fund groups, revenues and expenses by unrestricted and restricted funds, the operating budget by NACUBO functions and major fund groups, and tuition and fee waivers budgets. A copy of the FY21 appropriations bill is also included.

For expenditure purposes, revenues from state appropriated funds and the income fund (tuition revenue) are combined in the “general operating budgets” allocated to campus units.

The operating budget of the university does not include budgets associated with the university’s eight related organizations, including the foundations, alumni associations, research parks, SIU Physicians & Surgeons, Inc., and the SIUE East St. Louis Charter School.

The budget also does not include an amount for state payments on behalf of SIU. These payments represent the employer’s share of the cost of pension and health benefits for university employees. In fiscal year 2020, the payments totaled \$218 million.

In table C, expenditures are listed by function within major revenue categories. The National Association of College and University Business Officers ([NACUBO](#)) created functional classifications for university expenditures in order to standardize the reporting across colleges and universities. The standard classifications are listed below:

**Instruction** – Expenditures for all activities that are part of the university’s instruction program, including credit and noncredit courses.

**Research** – Expenditures for activities specifically organized to produce research whether funded by an external agency or separately budgeted by an organizational unit with SIU. This function also includes research centers.

**Public service** – Expenditures for activities established primarily to provide non-instructional services beneficial to individuals and groups external to the university. It includes community services and public broadcasting services.

**Academic support** – Expenditures to provide support services for the university’s primary missions of instruction, research, and public service. It includes libraries, museums, academic administration, (I will add to this)

**Student services** – Expenditures for activities which have the primary purpose of contributing to the student’s well-being and intellectual, cultural and social development outside the context of the formal instruction program. It includes student services such as admissions and records, financial aid administration, registrar, counseling, career services, and student health services.

**Institutional support** – Expenditures for central activities concerned with the management and long-range planning of the SIU system; fiscal operations including business and audit functions; human resources administration; safety and security functions; and development and alumni relations including fund raising.

**Operation and maintenance of plant** – Expenditures for the administration, supervision, operation, maintenance and protection of the university's physical plant, including building maintenance, utilities, landscape and grounds maintenance, and major repairs and renovations.

**Scholarships and fellowships** – Expenditures in the form of grants to students selected by the university or from other programs, including stipends and awards.

**Auxiliary enterprises** – Expenditures for operations which are not directly related to instruction, research, or public service units but which exist to furnish goods or services to students, faculty and staff, Examples include residence halls, food service, bookstores, student unions, student health centers, and student recreation facilities.

## Notes:

(1) Grants and Contracts - Revenues received from external sources match expenditures over the life of the grant, therefore the cash balance is reflected as zero.

\* The negative Planned Operating Result for Revenue Bond Operations includes \$350,000 in approved non-mandatory transfers to RRR, planned draw down of prior year cash reserves in Housing, University Center, and Student Success Center, and projected revenue declines and increased expenses related to the impact of COVID-19 on Revenue Bond units.

\*\* The negative Planned Operating Result for Self-Supporting Activities is primarily due to projected revenue declines and increased expenses related to the impact of COVID-19 on Self-Supporting units such as the School of Dental Medicine Clinic and Information Technology Services. Also, a planned draw down of prior year cash reserves for the student fee units is projected in order to cover increasing expenses. Additional expenses are also projected for the construction and equipment related to the new, Board approved School of Dental Medicine Advanced Care Clinic.

## FY 2021 Tuition & Fee Waivers Budget

*The University recognizes that waivers represent an institutional resource that should be included in the University's budget plan, which outlines the allocation of all institutional resources. A waiver represents an agreement between the University and the student to reduce or eliminate the tuition and/or fees that normally would be charged to the student. Waivers granted by State statute are also included. Waivers budget is not reflected in University budget totals.*

## APPENDIX

### DESCRIPTION OF MAJOR FUND GROUPS

#### **Appropriated Fund**

State appropriated funds include General Revenue Funds and Other State Funds, both of which come from Illinois tax dollars.

#### **Income Fund**

Income Fund revenue includes tuition revenue, off-campus program revenue, interest earnings on income fund deposits, and certain miscellaneous fee revenue. Tuition revenue is a direct result of student enrollment, student residency, credit hours, and tuition rates. Off-campus program revenue is based on charges sufficient to cover all instructional and administrative costs of the programs. LAC guidelines require that certain fee revenue such as application fees, course-specific fees and graduation fees be deposited into the income fund.

#### **Grants and Contracts**

Grants and contracts include funds received from governmental entities and private foundations and corporations for the support of various research projects, instructional and training programs, public service activities, student financial aid, and other programs. The specific use of these funds is restricted by contractual agreement with the sponsoring agency. Generally, revenues will equal expenditures over the life of the grant or contract.

#### **Indirect Cost Fund**

Indirect cost funds are recovered as overhead allowances on grants and contracts. They are used to help cover a share of expenses for such items as operation and maintenance, library services, sponsored project administration and general administration.

#### **Revenue Bond**

Operations of revenue bond financed facilities are reported in this fund group. Revenue Bond enterprises are funded primarily from student fees, operating charges, and sales and services of various activities and include such facilities as residence halls, student centers, and student recreation centers.

#### **Self-Supporting Activities**

Self-Supporting Activities include a wide range of operations, which are directly related to Instructional, Research, or Public Service units or support the overall objectives of the University. They may be Self-Supporting in whole or in part. Revenue is generally derived through student fees or sales of services. Examples include Shryock Auditorium, textbook services and athletic fees.
