4. **Intercollegiate Athletics Advisory** – L. Carter – Met September 11. Discussions commenced regarding research on SIU’s athletic funding vs peer institution’s athletic funding and there is a $9M gap between what SIU funds athletics and other schools in the MVC. It varies by enrollment. PSO surcharges at SIU at 48% are in line with schools in the SEC as opposed to MVC schools so SIU athletics pays more for PSO services than peer institutions. E. Cheek asked what percentage the other schools were paying. L. Carter stated she was expecting Liz Jamigan to share a chart with those comparisons and that could be shared with the group at that time. Athletics is taking a $3M budget cut so layoffs have been considered but eliminating open positions should prevent the need for layoffs. Athletes with winter seasons who are practicing will get COVID tests three times per week. Results are received within 6 hours. They are also inquiring in the ability to use saliva testing with UofI. The SEMO football game was delayed to October 30. Faculty members asked if athletes test numbers are included in the campus numbers. L. IX. **Non-Agenda Items** –

- S. Newman has asked for headshot and short biography to be posted to the Civil Service Council website at [https://cscouncil.siu.edu](https://cscouncil.siu.edu).
- A. Travelstead was contacted by Gireesh Gupchup, Vice President for Academic Innovation, Planning, and Partnerships regarding the formation of a staff advisory committee for the SIU System. They are looking for non-constituency heads to represent employees on this 12-person advisory committee. The members will be comprised from all three campuses and include representation from Alton and East St. Louis campuses as well. We have been asked to come up with three system-wide issues to be addressed and bring the campuses together.
- T. Richardson brought up complaints he has received regarding the reorganization where staff members have taken on additional duties with no change in wages while chairs move to directors and receive wage increases from title changes with no change in duties. A. Travelstead noted it has been a problem for years and the Chancellor supports across-the-board wage increases and does not support within-classification upgrades. C. Harris notes the reorganization is causing animosity among the ranks, states communication has been lacking, most recently regarding the July 1 changes with no notice, and the graduate students are suffering as a result of the lack of communication and lack of staff knowledge of the changes in advance. T. Richardson adds the Chancellors reorg plans are not listed on the website. S. Newman notes the proposed reorganization updates are now posted on the Provost’s website, [https://pvcaa.siu.edu/academic-reorg/proposed-plan.php](https://pvcaa.siu.edu/academic-reorg/proposed-plan.php).
- A. Steen asked about the civil service employees that were hired with exempt status regarding accumulated time off at the time of hire and has received complaints from other civil service employees and asked if the chancellor could look into this.
