VI. Reports

A. Council President

1. Chancellor One-on-One – E. Cheek and A. Travelstead attended the first chancellor one-on-one meeting on August 14 which was cut short because of an unexpected visit by U.S Representative Mike Bost to campus. They discussed the background of the Civil Service employees this Council represents, the alarming decline of civil service staffing due to budget cuts over the last 10 years, retirements and lost outside entities and highlighted the history of range employee salary increases over the last decade as compared to rest of the SIU System. Also discussed was wage increase disparity between the vice chancellor reporting lines to which the Chancellor has stated all within classification wage increases have been frozen until further notice. Due to time limitations, talking points like the employee survey results and staff mask concerns. The next meeting is scheduled for September 11.

2. Board of Trustees Meeting – Have not met. Next meeting is scheduled for September 17 in Alton, IL. and should be available via Zoom.

3. Leadership Council – Met August 14. The Chancellor gave updates for the start of fall. Despite the number of cancelled housing contracts due to students having online formats, overall numbers look good. Masks will be required. Faculty and staff are not to engage in conflicts with any student not following policy but should refer the student to the Student Code of Conduct Committee for enforcement compliance.

Course format breakdown for fall of 2020 was provided:
- 39% Fully Online Course
- 31% Face-to-Face in Classroom
- 30% Hybrid (online and face-to-face)

Judy Marshall provided a budget update. The budget from tuition dollars was ~$6.5M less than last year which is better than the projected $10M-$12M. Vice Chancellors were asked to review budgets to make a 10% cut from the state accounts within their areas. Most cuts would be achieved by not filling vacant positions or moving positions from state accounts to local accounts. Overall, a potential 5% budget cut is expected to cover decreases from the previous year and to pad the University reserves used up in FY16.

There was discussion of campus building space and reducing the campus footprint. The same
buildings and spaces are in use now that were in use when enrollment was at its highest resulting in a waste of resources and operating funds. With the reorganization, units are looking at consolidating which is costly and there is confusion as to who will pay to move entire departments and offices. The Chancellor asked for a study to create a general fund to offset moving expenses and asked to hold off on moving individual offices until the reorganization is more complete.

New hire insurance enrollment – New employees have 30 days from their hire date to enroll into a health plan. If no decision is made, the employee will automatically be enrolled into the State Preferred Plan and no changes, including adding dependents, can be made until the following benefits choice period, May 1-May 31. CMS is not allowing extensions.

Next meeting is scheduled for September 18, 2020.

Loss of revenue in the self-supporting units by an expected 2.9%. Housing contracts were up 300 individuals but does not account for those that cancelled due to online courses. State appropriation is expected to be flat with the exception of a decrease in license plate revenue at ~$2,000. Proposed tuition waivers are $13M for undergraduate waivers and $22M for graduate waivers. SIUE is significantly less at $5.8M in undergraduate waivers and enrollment is higher than SIUC. Discussions in the Chancellor’s Cabinet are expected to review how much SIUC should be issuing in waivers. The Chancellor mentioned potential savings: i.e: lapsed dollars where positions have not been refilled. He discussed chilling hiring (not freezing). Staff positions must now go to Cabinet for review prior to hiring. Only filling critical staff positions that are approved. Judy Marshall will now sign off on all positions prior to the Chancellor as one who has an overall campus budget view. No more pocket approvals. Travel may be pulled back. Athletics are looking at a $3M cut but also launching a capital campaign. They discussed possible refinancing opportunity. Brad Dillard discussed facilities and the large footprint SIU occupies and the need to look into new efficiencies. Furloughs were brought up and the Chancellor has stated that they are not looking at Furloughs at this time. They are also reviewing free-tuition programs currently running at other State universities.

They are beginning to establish more pipelines with junior colleges. Discussed holes regarding waivers and looking for foundation money to fund waivers. Talk related to COVID and releasing counts. The Chancellor asked E. Cheek to determine the best way to divide civil service employees into smaller groups since there are so many for the Listening and Learning Tour and the Executive Committee is working on that. A new employee list has been requested with HR. Next meeting is September 24.
